

Report of Center Activities within the Crown of the Content Ecosystem Fall 2010

Climate Change in Mountain Ecosystems Program

(Dan Fagre, 406-888-7922 or dan_fagre@usgs.gov)

- Updated website and information sheet on Glacier retreat in Glacier National Park: http://www.nrmssc.usgs.gov/research/glacier_retreat.htm
- Repeat Photography Project website: <http://nrmssc.usgs.gov/repeatphoto/overview.htm>
- Repeat Photography Exhibit: The USGS Repeat Photography project has three museum exhibits scheduled for 2010, including the Holter Museum, Many Glacier Lodge, and Carroll Art Gallery. For more information on the exhibit and exhibit dates, visit: <http://nrmssc.usgs.gov/science/feature/RepeatPhotoExhibit>

Northern Continental Divide Grizzly Bear Program

(Kate Kendall, 406-888-7994 or kkendall@usgs.gov)

- New information sheet published by USGS on NDGBP: <http://pubs.usgs.gov/fs/2010/3054/>
- NDGBP receives prestigious publication award: <http://www.usgs.gov/newsroom/article.asp?ID=2566>

Fire Ecology (Carl Key, 406-888-7991 or ckey@usgs.gov)

- Completion of the Composite Burn Index (CBI) Photo Series. The series uses plot data and photos to illustrate the range of burn severity encountered in different ecosystems of the U.S. Sites within the Crown of the Continent region can be viewed at: <http://nrmssc.usgs.gov/science/fire/CBI/r-gnp>

Aquatic Ecosystems (Clint Muhlfeld, 406-888-7926 or cmuhlfeld@usgs.gov)

- New USGS publication: *The Potential Influence of Changing Climate on the Persistence of Salmonids of the Inland West* available at: <http://pubs.usgs.gov/of/2010/1236/>
- USGS Aquatic ecosystems research throughout the Crown of the Continent is featured at: <http://nrmssc.usgs.gov/staff/muhlfeld/research>

(For more information contact: Suzanna Carrithers, 406-994-7257 or scarrithers@usgs.gov)
